Waivers or exceptions (e.g., height or setbacks with Major Use Permit) associated with the application:

DESCRIPTION OF PROPOSED USE

Describe in detail the use/projects in terms of purpose, capacities, operating characteristics, access-parking arrangement, service radius and any other relevant data. Attach additional sheets if needed.

Mobilitie proposes to locate a new wireless facility on an existing street light. The scope of work will involve attaching an Omni directional antenna with an integrated GPS, UE Relay, and Remote Radio Head along with all needed auxiliary equipment needed to an existing street light. The particular area chosen is known to be particularly dense with users and this attachment will help alleviate the data traffic and provide better coverage to the citizens of San Diego County. Coverage/propagation maps will be provided along with Site Plan package to illustrate the service area of our project.

FOR OFFICIAL USE ONLY
